Mar 15, 2022

Fireplaces have been tested and proved to comply with: ANSI Z21.50/CSA 2.22 Vented Gas Fireplace. Certified under: ICC-ES PMG-1290

- Natural Gas or Propane fueled.
- Natural Gas Burner: approx. 45,000 BTUs.
- Propane Burner: approx. 40,000 BTUs.
- 120 Volt 15 Amp required for venting.
- Gas & Electrical connection to be completed on-site at service door.
- 6" ID B-Vent chimney system required.
- All standard fireplaces painted in factory matte black finish. Custom paint colors and patina finishes available.
- Switch operation on wall (not included).
- All dimensions are in inches.
- Exact measurements may vary $\pm \frac{1}{4}"$.

- Optional decorative chimney cover available at add'l cost.
- Custom anchor options available at add'l cost.
- Enervex Intelli Draft and Damper System.
- The height of the chimney vent must extend a minimum of 2 ft. above the roof exit.

CLEARANCE TO COMBUSTIBLES

1. 12" min. from floor to the bottom of the fireplace.
2. A minimum 12" distance between a combustible wall and fireplace body is required.
3. 1" where anchor or flue crosses the ceiling & roof.

AIDAN Single-Sided | Suspended Gas Fireplace (Vertical Termination)

Standard 9ft. Ceiling Application approx. weights	
Flat Anchor	85 lbs.
Flue Pipe	60 lbs.
Fireplace Body	165 lbs.
Total Standard Fireplace	310 lbs.

STANDARD FLAT ANCHOR

Shown with standard 9 ft. ceiling application and flat anchor option.

VITA | Fireplaces

Suspended Gas Fireplace Collection

North American Designed and Manufactured by
CF + D | custom fireplace design

VITA Fireplaces models are available in exclusive Single-Sided, See-Thru, Double-Sided and Triple-Sided views allowing the flame to be viewed from all angles.

Each unique Gas suspended fireplace is certified for North America in natural gas or propane and are also available with our Vapor-Fire technology burner system, water fueled/electric. With fuel options available and the variety of styles we have created, our clients now have. An alternative fire feature to fit into many projects whether residential, commercial or hospitality sector.

Included with the purchase of a VITA Fireplaces Suspended Gas model are the following:

Premium Gas Burner, Natural Gas or Propane

Flue length for a Standard 9ft Ceiling

Standard Flat Anchor Plate

Up to 10ft of B Vent chimney and the Enervex power vent exhaust fan

All fireplaces comes with Standard Factory Matte Black Paint Finish

Client choice of one Décor Media option

There are a number of premium decor media option choices displayed in this booklet. We hope this is helpful in making your selection to personalize your unique fireplace choice.

Please contact us to begin your next project.

Our creative design solutions are waiting!
